

The Chemical Age

Index to Volume XLI

July-December, 1939

A

Absorption Chambers for HCl, 318
Acetylene, Polymerisation of, 168
Acid-Resisting Tanks, 71
Acidity Values of Paper, 25
Activated Charcoal, 348
Active Carbon, 184
Address, Change of, 362
Advancement of Science, 364
Advertising Black-Out Condemned, 330
Air Transport, 165
Aluminium, 164
Aluminium and Silicosis, 418
American Chemical Industry, 104, 130
American Chemical Society, The, 229
American Phosphate Rock, 202
Ammonium Nitrate Manufacture, 331
Anglo-Swedish Trade Talks, 53
Annual Meeting of B.A.C., 374
Annual Meeting of Benn Brothers, Ltd., 125
Anthracite, Oxidation of, 187
Apparatus in 1939, New, 446
Association of British Chemical Manufacturers, 301
Australian Tariff Amendments, 274

AUTHORS—

Armstrong, E. F., and K. A. Williams, The development of the Technical Applications of Hydrogenation, Part I, 271; Part II, 285
Barron, Harry, Petroleum, 5; Coumarone Resins, 397; The Plastics Industry in 1939, 441; Bartram, Victor G., Canada—Her Resources and Industries, 40; Britain, Eric H., Recent Progress in Solvents and Plasticisers, 443; Butcher, C. H., Operating Conditions in Chemical Processes, 248; Pyrites Roasting and Sulphur Burning, 411
Collingridge, G. S., The New Cosmetic Raw Materials, 199
Donald, M. B., Safety in the Chemical Industry, 242
"Engineer," Practical Data in Plant Design, 67
Foxwell, G. E., The War and the Carbonisation Industries, 433
Garner, T. L., The Use of Reclaimed and Waste Rubber in Rubber Compounding, 22; Grant, Julius, The Cellulose Industry, 43
Ipatieff, V. N., New Catalytic Synthesis of Hydrocarbons, Part I, 343; Part II, 371
Lindsey, Arthur J., Electrochemical Methods of Analysis, 357; Low, Kenneth S., New Cleansing Apparatus, 399
Martin, Hubert, Fungicides, 51; Martin, J. T. and F. Tattersfield, Insecticides, 48; Mitchell, L. A., Drying Equipment for the Process Industries, 383; Morgan, Sir Gilbert T., Personal Reminiscences of Chemical Research, 41
Parrish, P., Conditions in, and some War Problems of, the Heavy Chemical Industry in 1939, 428; Peck, William C., A Review of Chemical Engineering for 1939, 435
Ranshaw, G. S., Enzyme Preparation in Textile Processing, 123; Textile Applications of the Phosphates, 299; Hydrosulphites and their Derivatives, 359; Redgrove, H. Stanley, Cosmetics, 47; Russell, Sir E. John, Crop Production, 50

Authors—continued

Special Correspondent, The Chemical Industry in France, 448; Stevens, H., Electric Carbonisation of Coal, 70; Production of Liquid Fuel, 225
Tainsh, P. W., Oils, Fats (other than Edible) and Detergents, 46; Tattersfield, F., and Martin, J. T., Insecticides, 48; Thomas, H. A., The Cellulosic Textile Industry, 45
Williams, K. A., and Armstrong, E. F., The Development of the Technical Applications of Hydrogenation, Part I, 271; Part II, 285; Wright, A. G., Containers, 160

B

Barium Sulphide Luminous Pigments, 347
Bauxite Cement, 162
Benzopyran Derivatives, 166

BOOK REVIEWS—

Boiler Feed Water Treatment, 2nd edit. (F. J. Matthews), 167
Calculations of Quantitative Chemical Analysis, 3rd edit. (L. F. Hamilton and S. G. Simpson), 90; Chemical Spectroscopy (Wallace R. Brode), 362; College Course of Inorganic Chemistry, A (J. R. Partington), 362
Fat, Total Solids and Moisture (R. D. Mason), 129; Fluorescence Analysis in Ultra-Violet Light (J. A. Radley and Julius Grant), 362
Higher School Certificate Inorganic Chemistry (E. J. Holmyard), 108; Hydrocarbon Chemistry (Faraday Society), 414
Industrial Solvents (Ibert Mellan), 306; Inorganic Chemistry (P. C. L. Thorne and A. M. Ward), 306; Inorganic Syntheses, Vol. 1 (H. S. Booth, Editor-in-Chief), 108; Intermediate Chemistry (Frederick Prescott), 306; Introduction to Crystal Chemistry (R. C. Evans), 75
Life's Beginning on the Earth (R. Beutner), 217; Luminescence (Faraday Society), 414
Magnesium, Magnesite and Dolomite (J. Lumsden), 10; May's Chemistry of Synthetic Drugs, 4th edit. (P. May and G. M. Dyson), 90; Micro-Diffusion Analysis and Volumetric Error (Edward J. Conway), 217
Organic Chemistry (Paul Karrer), 167
Physical Constants of Hydrocarbons, Vol. I (Gustav Egloff), 10; Practical Chemistry, 4th edit. (J. Bruce and H. Harper), 129; Practical Microscopic Metallurgy (R. H. Greaves and H. Wright), 414
Quality of Coke, The (R. A. Mott and H. V. Wheeler), 414
Scientific Aspects of Artists' and Decorators' Materials (R. S. Morrell), 90; Simple Blueprint Reading with Particular Reference to Welding and Welding Symbols (Lincoln Electric Co., Ltd.), 217
Text-Book of Quantitative Inorganic Analysis, A (Arthur I. Vogel), 306; Text-Book on Light, A (A. W. Barton), 217; Thorpe's

Book Reviews—continued

Dictionary of Applied Chemistry (J. F. Thorpe and M. A. Whiteley), 108
Uses of Lac (H. K. Sen and S. Ranganathan), 167
War Gases, The (Mario Sartori), 167
Young Chemists and Great Discoveries (James Kendall), 362

Books Received: 60, 100, 118, 153
Boys' Hostels Association, 107
Brick Retorts, 317
Britain's Economic Effort, 416
British Association, 69
British Chemical Industry, The, 232
British Exports for 1940, 437
British Overseas Chemical Trade in June, 72; July, 142
British Standards, New, 401
Budget, The First War, 241
By-Product Coking, 140
By-Product Sulphuric Acid, 201

C

Cadmium in Silicate Rocks, 130
Canada—Her Resources and Industries, Victor G. Bartram, 40
Carbon Black Sales in the U.S.A., 303
Carbon Disulphide Vapour, 68
Carbon Impregnated with Resins, 25
Carbonisation Industries, The War and the, G. E. Foxwell, 433
Catalyst, Nickel as Dehydrogenating, 9
Cellulose Industry, The, Julius Grant, 43
Cellulose Nitration, 186
Cellulose, Symposium on, 71
Cellulosic Textile Industry, The, H. A. Thomas, 45
Cement, Crystalline Structure of, 232
Cement, Litharge-Glycerine, 107
Cements, Setting of, 305
Centenary of the Discovery of Vulcanisation, 68
Central Export Register, 215
CHEMICAL AGE, THE, Abroad, 316
Chemical Club, 332, 382
Chemical Developments Abroad, 447
Chemical Discussions at Dundee, 198
Chemical Engineering for 1939, A Review of, William C. Peck, 435
Chemical Industry in France, The, 448
Chemical Industry Medal, 262
Chemical Matters in Parliament, 121, 259, 317, 415
Chemical Plant in 1939, New, 445
Chemical Research Council, 305
Chemical Research, Personal Reminiscences of, Sir Gilbert T. Morgan, 41
Chemical Service in War-Time, 402
Chemical Trade during 1939, 427
Chemical Trade in November, 415
Chemicals from Petroleum, 25
Cleansing Apparatus, New, Kenneth S. Low, 399
Coal, Electric Carbonisation of, H. Stevens, 70
Coking, By-product, 140
